

# CAREER EXPLORATION

## ACADEMIES

for high school students

**This summer, find inspiration in your curiosity.**

**Discover career paths that spark your passion at one of Penn State Schuylkill's Career Exploration Academies.**

**Career Exploration Academies** are designed to help high schoolers explore their career interests through virtual academies focusing on:

- coding and cybersecurity
- health sciences
- communications
- psychology and criminology
- entrepreneurship

These week-long summer experiences feature expert instructors, fascinating guest speakers, and engaging activities that are both fun and informative. Students can stay active and engaged while gaining real-life experience without leaving home!

Each academy is for students in grades nine through 12. Classes meet Monday through Friday from 10:00 a.m. to noon daily.

**Learn more and register for the academies at [schuylkill.psu.edu/careeracademies](https://schuylkill.psu.edu/careeracademies)**

### Cybersecurity and Coding

**Part I: June 14 - 18**  
**Part II: June 21 - 25**

This academy is perfect for students who want to explore careers in fields such as:

- computer networking
- cybersecurity
- database management
- machine learning
- robotics
- video game design

### Health Careers

**June 21 - 25**

This academy is ideal for students who want to explore careers in occupations including:

- nursing
- physician
- radiology

### Creative Communication

**July 12 - 16**

Creative minds will enjoy this academy that introduces them to skills including:

- branding
- event promotion
- graphic design
- photography

- social media management
- web design

### The Criminal Mind

**Part I: July 12 - 16**  
**Part II: July 26 - 30**

High schoolers fascinated by the intersection of criminology and psychology will enjoy this academy that explores:

- criminal profiling
- personality testing
- criminal justice and law enforcement careers

### Teen Entrepreneur Challenge

**July 6 - 16**

Tuesdays through Fridays  
Classes begin at 10:00 a.m. daily  
Grades 10 through 12

Penn State Lehigh Valley's Teen Entrepreneur Challenge is open to Schuylkill County's high school students. Students learn key strategies for starting a business or business concept, and how to develop an entrepreneurial edge.
